Name: GANESH PAMARTHI

Section: CSM-6

Roll No: 26001207

TASK 1: Personal Portfolio Website

Question: Create a personal website displaying a profile, educational qualifications, technical skills, hobbies, projects, achievements, resume, and contact information. Use CSS animations, responsive layouts, and interactive navigation effects.

Aim:

To design and develop a responsive personal portfolio website using HTML and CSS to showcase personal details, educational qualifications, technical skills, hobbies, projects, achievements, resume, and contact information.

Source Code:

HTML CODE:

```
<!DOCTYPE html>
<html lang="en">
<head>
    <title>My Personal Profile</title>
    <meta charset="UTF-8">
    <link rel="stylesheet" href="invite.css">
```

```
</head>
<body>

    <h1 class="l">🎓<b>My Personal Profile</b></h1><br>
    <div class="o">
    <h2>About Me</h2><br>
    <h3>My Introduction</h3>
    <p>Hello! My name is <li>Ganesh</li></p>
            <p>
                I am pursuing B.Tech in Computer Science and
                Engineering with Artificial Intelligence and
                Machine Learning. I enjoy exploring programming,
                web development, and AI. My goal is to improve
                my technical skills by working on practical
                projects and collaborating with others.
            </p>
        </div>
    <h2>My Photo</h2>
    <img src="https://encrypted-

height="200">

      <div class="p">
    <h2>My Hobbies</h2>
    <ul>
        <li>Listening to music</li>
        <li>Playing games</li>
        <li>Learning Python</li>
```

```
        <li>Browsing the internet</li>
      </ul>
      </div>

      <div class="k">
      <h2>My Goals</h2>
      <ol>
        <li>Improve my programming skills</li>
        <li>Develop websites</li>
        <li>Become a successful software developer</li>
      </ol>
       </div>

<div class="h">
   <span>💻</span>
                <h3>Interests</h3>
                <p>Web Development & AI</p>
                </div>

                <div class="i">
   <span>🎯</span>
                <h3>Career Goal</h3>
                <p>Software / AI Engineer</p> <br>
                </div><br>

                <div class="g">
                <h3>contach informations</h3>
                <h3>NUNNA</h3>
                <p>VIJAYAWADA, India</p>
```

```
                    <p>n0:2582263241</p>
                    <p>Email:student@gmail.com</p>

                </div>
</body>
</html>
```

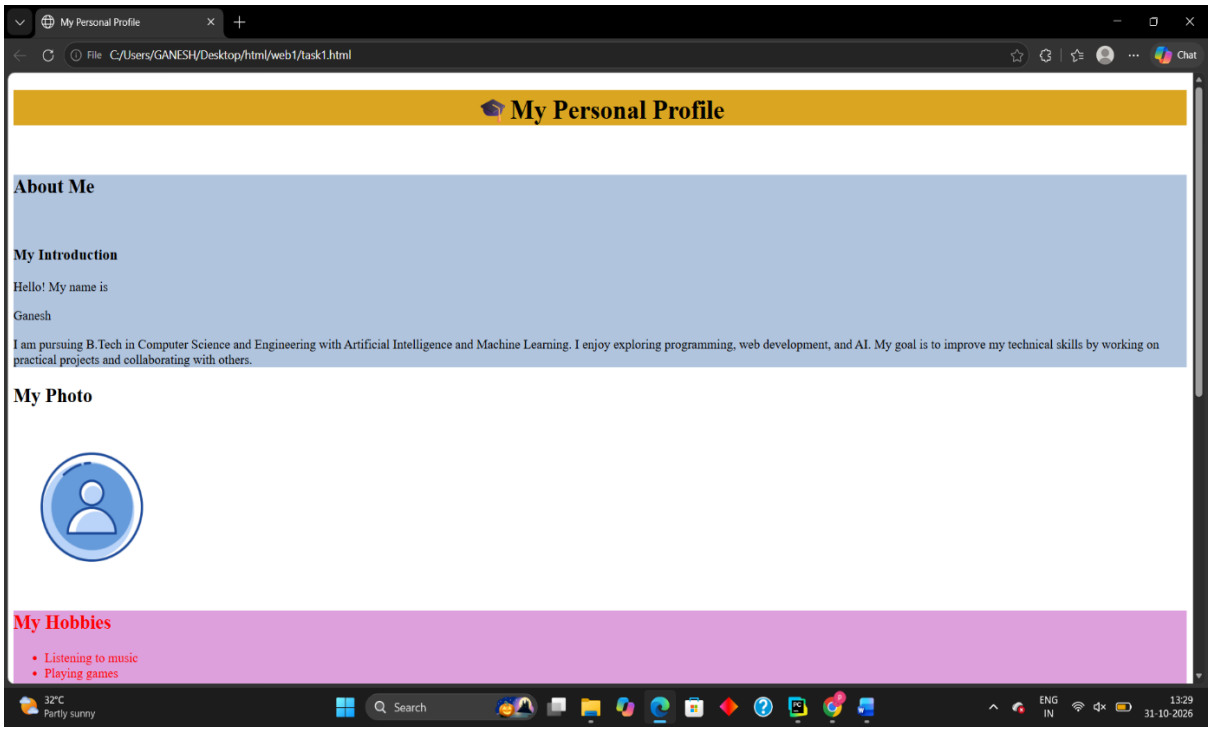

CSS CODE:

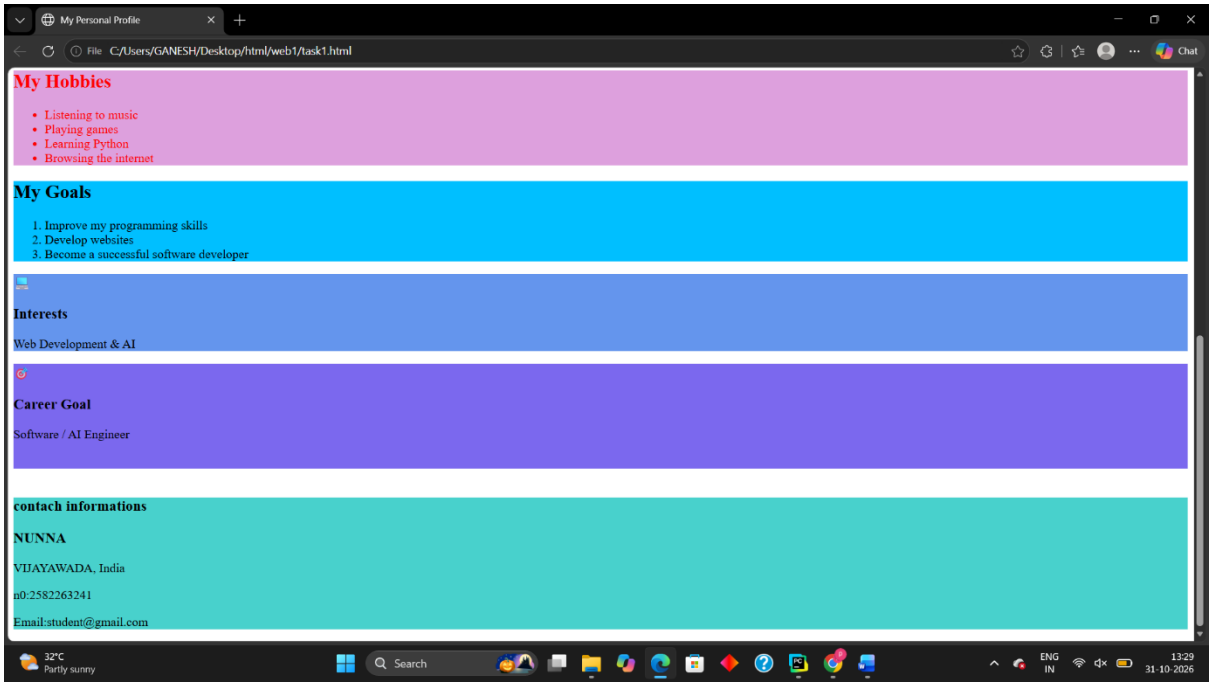

```
.p{
    background-color:plum;
    color: red;
}
.s{
    background-color: lightgoldenrodyellow;
}
.h{
 background-color: cornflowerblue;

}
.k{
    background-color: deepskyblue;
}
.i{
    background-color: mediumslateblue;
}
.g{
    background-color: mediumturquoise;
}
.l{
```

```
    background-color: goldenrod;
    text-align: center;
}
.o{
    background-color: lightsteelblue;
}
```

Output:

Conclusion:

Thus, a responsive personal portfolio website was successfully designed and developed using HTML and CSS

TASK 2: Travel Website

Question: Create a travel website featuring destinations, itineraries, and travel inquiry forms. Use destination cards, hero images, and responsive layouts.

Aim:

To design and develop a travel website using HTML and CSS to showcase popular destinations, travel itineraries, and inquiry forms with responsive layouts and attractive destination cards.

Source Code:

HTML CODE:

```
!DOCTYPE html>
<html>
<head>
    <title>Explore Vijayawada</title>
    <link rel="stylesheet" href="vamsi.css">
</head>

About Our College
NRIIT university of Engineering provides quality education and encourages students to develop technical skills, creativity and practical knowledge.
Our Departments
Computer Science
Learn programming, software development and databases.
AI & Machine Learning
Learn artificial intelligence, Python and machine learning.
Electronics
Study electronic circuits and communication systems.
Mechanical
Learn about machines, design and manufacturing.
Our Courses
B.Tech CSE
Computer Science and Engineering.
B.Tech AI & ML
Artificial Intelligence and Machine Learning.
B.Tech ECE
Electronics and Communication Engineering.
